Break Away

What's special?

- **Give more and And you** sections encourage students to take control of their learning process, personalizing their language.
- **Warm up** activity before each lesson to engage students with the topic and stimulate previous knowledge.
- **Compare + Share** promotes collaborative learning and guarantees interaction among students.

A step-by-step approach which focuses on practicing the language of each lesson:

1. **Vocabulary** learnt through practice and investigation.
2. **New language structure** presented to contextualize and recycle vocabulary.
3. **Reading and listening** texts packed with examples of new target language and vocabulary.
4. Collaborative and individual **writing and speaking** activities to practice the new language.

A clear structure to guide students' learning:

- **12 units** per book, divided into **3 platforms**.
- Each platform provides a unifying topic to contextualize students' learning.
- **Intro section** at the start of each platform to stimulate previous knowledge.
- **Vocabulary review** at end of each platform.
